## Connecticut Magician to Entertain American Troops in Europe

April is the “Month of the Military Child” and local magician Brian Miller has been invited to spend 10 days touring Naval Bases in Europe, April 24-May 1. The tour, being produced by Navy Entertainment, will consist of family friendly magic shows for the Navy Personnel and their families. “The sailors and their families do so much for us, it’s simply an honor to bring some magic and laughter to them,” says Miller.

Miller’s shows for the tour will consist of material designed for all-ages. “While I spend most of my time performing at corporate events and on college campuses, here in Connecticut my typical audience is made up of families.” His success in the family market at home earned him a “Best of 2015” award and the title #1 Entertainer in Hartford by Thumbtack.com.

Brian entertains at hundreds of private events in New England each year. He has also performed at over 100 college campuses in 25 states, which earned him two nominations for “America’s Best Performer” by Campus Activities Magazine. His TEDx talk “How to Magically Connect with Anyone” has over 1.5 million views worldwide on YouTube.
