On behalf of COMIX At Foxwoods, my partner Michael Brauth and myself, I would like to share this reference for Brian Miller Magic.

Brian Miller performs regularly at COMIX as part of our "Double Comix Delusion" show. In addition to being one of our featured performers during this show, Brian performs close-up magic in front of our club and inside our club.

Brian never fails to attract a nice crowd to our club door, as everyone walking by likes to stop and be entertained by his talents. When our showroom opens, Brian moves his work inside and really astounds our patrons with his skills.

After working the crowds in our hallway, and the guests in our showroom, he is always a well-received performer on the COMIX stage. He is highly skilled, fun to watch, very talented and always reliable...a perfect combination.
